Two weeks from today, we will be having our Quarterly Business Meeting. This is a little bit earlier than usual, but we have a few decisions to make that are time sensitive.

We have received bids back for the re-roofing of our facility and we need to make a decision on which way we want to go. The insurance settlement should be enough to cover the expense of replacing our existing roof with either a 25-year three-tab shingle or a 30-year architectural shingle.

We have also obtained a bid for replacing our asphalt shingles with a 24 gauge metal roof. This would be a significant investment, but one that

would have a 'lifetime' warranty. The exact details of that warranty are not known at this time.

We will have more information available to you about these bids next week so that you will be able to make an informed decision on April 10.

I know that many of you are patiently awaiting the installation of our new sound system. As with so many things in our current economy, we are experiencing some supply chain issues which have delayed

the delivery of our equipment. Please make this a matter of prayer as there are several aspects of our worship together that are suffering because of the failing equipment we have currently.
