

A photograph of a brown and white bird, possibly a sandpiper, standing on a wet beach. The bird is facing right and has its reflection in the shallow water on the sand. In the background, there are waves breaking onto the shore.

From
one man ...
were born
descendants ...
as many as
the innumerable
grains of sand
by the seashore.

Hebrews 11:12, ESV

LIVES OF THE UNBORN IN ARKANSAS ARE AT RISK:

There is a movement in Arkansas that we need to be aware of and one that calls for our prayers. On Jan 23 a group began collecting signatures to place an Arkansas constitutional amendment on the ballot this November. Family Council President Jerry Cox says "This is a radical amendment legalizing abortion in a way Arkansas has never seen before. It writes abortion into the Arkansas Constitution. It erases virtually all of Arkansas' pro-life laws, and it allows abortion on demand without restriction through the first eighteen weeks of pregnancy. As many as three thousand unborn children could be aborted in Arkansas each year because of this amendment, and the State of Arkansas would be powerless to prevent it."

"Under this amendment, lawmakers and voters would lose the ability to enact even basic abortion regulations. The measure would mean abortionists wouldn't be required to have parental consent before performing an abortion on an underage girl and wouldn't be required to explain the abortion procedure to the woman beforehand."

Please be aware if you are asked to sign a petition, as the group's name, *Arkansans for Limited Government* can be quite misleading. *The NWA Council for Life* is asking us to join them to educate and encourage others about this effort and to pray for the preservation of the sanctity of life in Arkansas.
