What are the “big ideas” that you learned from this book that you don’t want to forget?

Instructions for SOAP Journaling

As we read God's Word, we begin to see how God responds to things. Doing **daily devotions** re-patterns the way we think and transforms the spirit of the mind. Then, when we face similar situations as Jesus did, we begin to respond in the same way.

Journaling is an excellent way to both record and process what God has spoken to us. It's also a useful tool to use at a later time to reflect on and review some of the "gems" that you have received. Without writing these down, you may forget those blessings and some very important lessons!

S for Scripture

Open your Bible to today's reading on your Bible Reading Plan. Take time reading and allow God to speak to you. When you are done, look for a verse that spoke to you that day, and write it in your journal.

O for Observation

What is God saying in this scripture? Ask the Holy Spirit to teach you and reveal the truth of this verse to you. Now write a one or two sentence observation about that verse. What does the verse say? What does it mean?

A for Application

Personalize what you have read by asking yourself how it applies to your life right now. Perhaps it is instruction, encouragement, revelation of a new promise, or correction for a particular area of your life. Now write how this Scripture can apply to you today.

P for Prayer

This can be as simple as asking God to help you apply this Scripture, or it may be a greater insight on what He may be revealing to you. Remember, prayer is a two-way conversation, so be sure to listen to what God has to say!

Don't forget to give your journal entry a title and put it in the Table of Contents. This will help you find it when you want to read it again.
