## WOULD YOU BE WILLING TO HELP US?

Since March of this year, we have been using the **Church Center Online Giving** platform for those who choose to give to the church digitally. We made this change because of the promise of significant savings that we would receive in comparison to our previous provider. This has definitely proven true over these past six months!

While we're talking about online giving, let me encourage you to link your bank account to your online giving portal. You may ask me: Why? Let me answer this with an example.

If you want to give **\$1,000** to the church, the processing fees if your bank account is linked to the giving app will be **\$0.30**, but if you use your debit card instead the processing fee is **\$22.58**. All of that goes to your bank or credit card company. It really makes a difference!

And don't forget, if you would like to make a donation to **Lifeword Media Ministry** today, just be sure to choose "Lifeword" as the fund that you are giving to and all of that gift will go toward their global outreach efforts!

The software platform that we are utilizing for online giving has a complete suite of online software for organizing, planning, coordinating and connecting people in the church. Part of that process is building a database of our members

and regular attenders. If you have not already set this up, please follow this QR Code and complete the information form. The information you supply will not be made public but will be used only for church ministries. Thank you for helping us with this!
